Joint graduation, inauguration, and epaulette granting ceremony, for cadets of Iran's Army Academies - 7 /Jan/ 2020

The joint graduation, inauguration, and epaulette granting ceremony, for cadets of Islamic Republic of Iran's Army Academies, was held this morning (Wednesday) with Ayatollah Khamenei--the Commander-in-Chief of armed forces— in attendance, at Khatam al-Anbia Air Defense Academy.

In this ceremony, in referring to the recent developments in Iraq and Lebanon, Imam Khamenei emphasized, “The biggest damage that enemies can inflict on a country is to deprive them of security, as they have started to do so today in some countries in the region.”
He went on to say, “I recommend those who care in Iraq and Lebanon remedy the insecurity and turmoil created in their countries by the US, the Zionist regime, some western countries, and the money of some reactionary countries.”
The Leader of the Revolution stressed, “The people have justifiable demands, but they should know their demands can only be fulfilled within the legal structure and framework [of their country]. When the legal structure is disrupted in a country, no action can be carried out.”
Imam Khamenei reminded his audience, “The enemies engaged in the same plots against Iran; but fortunately, people acted in a timely manner, and the sedition was nullified.”
The Leader of the Revolution reminded, “Who imagined the Zionist Regime - which couldn’t be defeated by three Arab countries in 6 days - would be forced to retreat by the devout youth during the 33-day Lebanon War and the 22-day Gaza War? Be sure that God surely fulfils His promises.”
Imam Khamenei stressed, “The Great March of Return will lead to the return of the Palestinians one day, and the true owners of the land will return to it. Despite their heavy expenses, the Arrogant Powers have been defeated so far. They admitted themselves that they spent $7,000 B but didn’t gain anything.”
