Ayatollah Sayyed Ali Khamenei : Hajj potentials must be addressed - 3 /Jan/ 2009

Islamic Revolution Leader Ayatollah Sayyed Ali Khamenei urged the Iranian Hajj organizers to adopt a due agenda so that the capacities hidden in the Hajj ceremonies are more effectively addressed than past.

Ayatollah Khamenei thanked the relevant Hajj bodies in a meeting with senior IRI officials in charge of the Hajj ceremonies Saturday, adding that the Hajj ceremonies embodied an expressive and effective language which offers huge potentials.

Ayatollah Khamenei noted that collective work by all state bodies was essential to make an optimal use of the Hajj potentials.

The IR Leader then underlined the exceptional capacity of the Holy Koran in attracting the hearts of the Muslim pilgrims, adding that if Koran was recited in the Holy Mecca and Medina by a prominent Qari it would prove effective in guiding the hearts of the pilgrims to the huge assets of the divine book.

Ayatollah Khamenei furthermore said the Hajj potentials could be delved more through a profound cultural project attuned to different audiences.
