

## Quitting Wuḍū midway & Renewing It - 29 /Aug/ 2019

Q.| Can one quit wu $d\bar{u}$  midway without the interruption of any of the nullifiers of wu $d\bar{u}$  and then shortly thereafter start a new wud $\bar{u}$ ?

A.l As a matter of mandatory caution, it is impermissible to start a new wuḍū after terminating a previous one without the interruption of one of the nullifiers of wuḍū if the time separating the two is not long enough to be deemed disruptive to the continuity (muwālāt) of the wuḍū-making process.
