Question: How far should we recite the verse of Al-Kursī? To the phrase "wa huwal ‘aliyyul ‘aẓīm" or to the phrase "hum fihā khālidūn"?

Answer: Wherever the verse of Al-Kursī is said, the first verse (up to "wa huwal ‘aliyyul ‘aẓīm") is meant, except where it is specified that the next two verses (up to "hum fihā khālidūn") are included.
