IR Leader appreciates Hajj organizers - 21 /Dec/ 2009

Islamic Revolution Leader Ayatollah Sayyed Ali Khamenei said Monday in a meting with the Iranian Hajj Organizers that the Hajj ceremony has a great capacity and that every part of the rites enjoys a vast propagative potential besides spiritual effects.

Ayatollah Khamenei said intellectuals must gather to delve into the untouched potentials of the ceremony and at the same time the quality of routine Hajj programs must be promoted.

The IR Leader said God had bestowed a special blessing to this year's Hajj ceremonies, adding that the bestowal showed how the Divine Will would prevail over the will of materialists and unbelievers as shown also in the Islamic Republic history several times.

Ayatollah Khamenei appreciated the organizers for holding the Disavowal of Pagans ceremony and the Komeyl Prayers ceremony more auspicious than previous year, adding that the Hajj has turned into an enlightening center through such measures.

The IR Leader then appreciated the government for taking precautionary measures against the threat of H1N1 flu in this year's Hajj ceremonies.
